This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

**Usage guidelines**

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

**About Google Book Search**

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. # TERMS OF ADMISSION.

Candidates for admission to the Freshman Class are examined in English Grammar, Geography, Arithmetic, Algebra through Simple Equations, Harkness' or Andrews and Stoddard's Latin Grammar, Cæsar's Commentaries, six books of the Æneid of Virgil, Cicero's Orations against Catiline, Hadley's Greek Grammar, and four books of Xenophon's Anabasis. Additional Mathematics will be accepted as a substitute for a portion of the Greek.

For advanced standing, the candidate, whether from another College or not, in addition to the preparatory studies, is examined in the studies to which the class which he wishes to enter has attended.

No one can be admitted to the Freshman Class till he has completed his fourteenth year, or to an advanced standing without a proportional increase of age.

Testimonials of good moral character are in all cases required, and those who come from other Colleges must produce certificates of dismission in good standing. Every student is required, within four weeks from his admission, to matriculate, by signing a pledge to obey the laws of College, and to abstain from the use of intoxicating drinks, and from every species of immorality.

Other Text-Books and works of reference are the following: Liddell and Scott's or Pickering's (last edition) Greek Lexicon, Andrews' or Leverett's Latin Lexicon, Doederlein's Latin Synonyms, Anthon's or Smith's Classical Dictionary, Long's or Findlay's Classical Atlas, Kœppen's Historical Geography, Webster's Dictionary, English Synonyms, Wilson's Punctuation, Angus's Bible Hand-Book, Spiers's or Surrenne's French Dictionary, Douai's German Grammar, Adler's German Dictionary.

In addition to the recitations here specified, Composition, Extemporaneous Speaking, and Declamation, are made prominent objects of the student's attention. Thorough training in these respects is considered of the highest importance in making a College education practically useful. The aim of the whole course is to enable the student to obtain a well-balanced education, in which the power of expression shall be attained equally with discipline of mind and facility of expression.

All the students recite in the Bible on Monday morning.

# PREPARATORY DEPARTMENT.

GEORGE R. ROSSETER, M. A.,
PRINCIPAL.

This department, which is primarily designed to give a thorough preparation to those intending to pursue a Collegiate course, is under the general supervision of the Faculty. Two or three years will be devoted to this preparation, according to the age and attainments of the pupils.

This department is designed also to meet the wants of students not proposing to enter College. Instruction will be given in all the branches usually taught in our High Schools and Academies. Young men may thus be fitted for teaching or for general business.

The sessions begin and end at the same time as in College. The price of tuition is twenty-five dollars a year.

## TERMS AND VACATIONS.

The annual Commencement is on the Wednesday preceding the Fourth day of July.

There are two terms and two vacations in the year. The first term begins seven weeks after Commencement, and continues eighteen weeks. After a vacation of six weeks, the second term begins, about the first of February, and continues twenty-one weeks to Commencement.

Students whose circumstances render it necessary for them to teach, are permitted to be absent twelve weeks, including the winter vacation.

## ATTENDANCE, ETC.

No student is allowed to be absent without special leave, except in vacation. The absence of a student in term time, even for a few days,

Digitized by Google

occasions much greater injury to his progress in study than parents and guardians commonly suppose; and they are earnestly requested not to give their consent to any absence except for very urgent reasons.

Should the return of the student be delayed beyond the beginning of the term, from any cause, he is required to report himself to the presiding officer immediately upon his arrival in town, and assign the reasons of his delay. In all the departments, it is of great importance that students should enter *at the beginning of the term.*

Every student is required to attend punctually upon all the literary and religious exercises. In case of absence, he should inform the officer to whom he is responsible, of the cause of his absence, previous to the time of the exercise. Should this be impossible, he is required to present his excuse immediately after the absence has occurred.

Every Wednesday, all absences which have occurred during the previous week are reported to the Secretary, and recorded. After reports have been recorded, no alterations can be made on account of negligence in presenting an excuse on the part of the student.

The rooms in the College are assigned under the direction of a Committee of the Faculty, and no changes can be made without the consent of the Committee. And only those persons are allowed to occupy rooms whose deportment is in all respects quietly and orderly.

## EXAMINATIONS.

At the close of every term, examinations of all the classes will be held, conducted partly orally and partly in writing.

A record is kept of the attainments of each student, and also of his delinquencies. Information concerning his proficiency and deportment is sent to the parent or guardian, whenever requested.

## EXPENSES.

| | | |
|---|---|---|
| Tuition per annum | $30 00 | $30 00 |
| Room rent, including stove | 10 00 | 12 00 |
| Library and incidentals | 6 00 | 7 00 |

Board, from $2.50 to $4.00 per week. Students who board themselves, pay considerably less than the above rates.

Coal costs, at present, about fifteen cents a bushel.

Bills for Tuition, Room-rent, and use of Library, are payable in advance, at the commencement of each term.

Where the student retains his standing, no deduction will be made for absence.

It is difficult to give an estimate as to apparel and pocket money. In respect to these, the expenses of students greatly differ. There is no greater obstacle in the way of a student, whether in respect to character or scholarship, than a profuse allowance of money. Parents are particularly requested not to place temptations of this character before their sons, and not to authorize them to obtain credit here.

## PUBLIC WORSHIP.

Prayers are attended morning and evening in the College chapel, when all the students are required to be present. Every student is required regularly to attend some one place of public worship twice on the Sabbath, being at liberty to connect himself with any of the regular religious congregations of the place, according to the wishes of his parent or guardian.

## SOCIETIES.

There are two Literary Societies—the Alpha Kappa, and Psi Gamma—which have large and commodious Halls, and good Libraries.

The Society of Inquiry has a Museum of Curiosities, received from missionaries, and a Library of a thousand volumes.

The Academy Literary Society has a furnished Hall, and a Library of over eight hundred volumes.

Digitized by Google

## LIBRARIES.

The College and Society Libraries contain over twenty-two thousand volumes.

The College Library is open every Saturday to all the College classes; and to the students in the Preparatory Department, on payment of the usual fee.

The Libraries of the Literary Societies are open to their members every Wednesday and Saturday.

### SUMMARY.

## CABINETS.

The College possesses a valuable Cabinet of Minerals, which contains many beautiful specimens, and is sufficiently large and full for all purposes of instruction. There is connected with it a collection of fossils and other geological specimens.

In addition to the College Cabinet, there is the "Hildreth Cabinet," comprising the whole of the valuable collections of minerals and fossils of the late S. P. Hildreth, LL. D., of Marietta, which, with his scientific Library, and fine entomological and conchological specimens, and collection of American antiquities, he generously gave to this institution.

## DEGREES.

The Degree of Bachelor of Arts is conferred on those who have completed the prescribed course of study, and passed satisfactory examinations thereon.

Every Bachelor of Arts, of three years' standing, may receive the Degree of Master of Arts, on the payment of five dollars, provided he shall, in the interval, have sustained a good moral character. Application must be made to the President previous to Commencement.

## BENEFICIARY FUNDS.

The Tuition and Room-rent of young men preparing for the ministry, whose circumstances require it, are paid from a fund contributed for that purpose. Assistance is also furnished by Education Societies and Committees, to the amount of about one hundred dollars a year to those in the Preparatory Department, and one hundred and thirty to those in College.

Union Soldiers who have been honorably discharged, and who purpose to complete the regular course of instruction, will be received without charge for Tuition.

## SCHOLARSHIPS.

Twenty Scholarships, of $1,000 each, have been founded by benevolent persons, which entitle the occupants to Tuition without charge. Some of these are appropriated under the direction of the donors, while the others are at the disposal of the College.

## LOAN FUND.

A Fund has been commenced for the purpose of loaning small sums to students in narrow circumstances.

Application may be made to the President.

## PRIZES.

Two prizes—a first of $40, and a second of $20—are awarded to the two students in each of the three lower classes who maintain the highest standing in scholarship and conduct during the year.

Two prizes—$10.00 and $5.00—are given to two members of each of the Sophomore and Freshman Classes, for excellence in Oratory. Four speakers from each of these classes compete for the prizes in the Public Rhetorical Exhibition, on the afternoon before Commencement.
